

Air Permit Reporting Compliance Workshop

The Division of Compliance Assistance (DCA) and the Division for Air Quality (DAQ) are presenting educational opportunities to offer guidance on annual compliance certifications and semiannual monitoring reports. This training will feature presentations about how to read permits and offer an explanation of annual compliance certifications, semiannual monitoring reports and their purpose. There are two ways to participate.

Just the facts. The webinars will provide the basic information that you need to fill out the forms.

Need more help? At the classroom event, participants will be given the same information, but will be given time to fill out portions of their annual compliance certifications and semiannual monitoring reports. DAQ field staff will be on hand to answer questions and provide guidance to participants.

Participants at the classroom event should bring a copy of their permit(s), a blank annual compliance certification form 7007CC (paper or on a laptop), pencil and highlighter.

Do you have questions? E-mail us at envhelp@ky.gov or call 800-926-8111.
